**DECLARATION
for
REISSUE PATENT APPLICATION**

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is claimed and for which a reissued patent is sought on the invention entitled

AFTERLOADER WITH ACTIVE FORCE FEEDBACK

the specification of which was filed on December 21, 2000 as United States Reissue Application Number 09/747,272 ("this application"), and amended by a paper to be filed along with this declaration.

I understand that this application is being filed to reissue U.S. Patent No. 5,851,172, which was issued on December 22, 1998. I believe the original patent to be partly inoperative because I claimed less than I had the right to claim in the patent. One error being relied upon as the basis for reissue is the previous omission of claims having the scope of claims 42-112 newly submitted with this application. I understand that at least claim 42 is broader than any claim in the original patent.

All errors being corrected in this application up to the time of filing of this oath or declaration arose without any deceptive intention on my part. I believe that all errors being corrected in this application up to the time of filing of this oath or declaration arose without any deceptive intention on the part of any other applicant.

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose to the United States Patent and Trademark Office all information which I know to be material to patentability as defined in Title 37, Code of Federal Regulations, § 1.56.

I hereby claim foreign priority benefits under Title 35, United States Code, § 119(a)-(d) of any foreign application(s) for patent or inventor's certificate listed below. I have also identified below any foreign application for patent or inventor's certificate having a filing date before that of the application on which priority is claimed.
